**Drawing integration**  
**AsyriL 3I HOPPER (option)**

The drawing includes the following dimensions and specifications:

- Front View:** Total width 859 mm, total height 211 mm. The hopper body width is 627 mm, and the internal width is 559 mm.
- Side View:** Total height 171 mm, hopper body height 140 mm. The base has four mounting holes with a diameter of  $\varnothing 9 \text{ mm}$  (4x). The distance between the first two holes is 200 mm, and the distance between the last two holes is 224,5 mm.
- Isometric View:** Shows the hopper with its lid open, revealing the internal structure.
